Superior Design - Uncompromised Precision - Practical Application

SOG Specialty Knives, Inc. is dedicated to creating the highest standards of production cutlery in the world. We use the strongest steels, finest materials and newest manufacturing techniques which are combined with traditional hand craftsmanship to ultimately create the sharpest and most durable edges in the industry.

Our products utilize the timeless and historically proven bowie design which gives the user maximum capability and performance in virtually every situation. The magical feel of our knives have become a trademark, perfectly balanced and sculpted for fit so that the blade does the work as if on its own. Our products are designed for the professional, sportsman, hunter, militarist, outdoorsman, survivalist and collector...or anyone who can appreciate precision cutlery at its finest!

On the Cover:

This high-speed photograph was frozen at one millionth of a second and captures a jacketed 45 caliber bullet split after being fired from point blank range. The blade shows up white where lead has been deposited after seventeen shots.

Our Bowie is based on the original Special Operations Group knife secretly developed and used in the Vietnam War, by the 5th Special Forces and other elite soldiers. These individuals were specialists in reconnaissance, infiltration, and behind lines operations.

Produced in the original 800 year old samurai factory, this knife has become a classic that is unparalleled in authenticity and quality. We utilize the finest high-carbon tooling steel, gun-baked for stealth and combined with a first time resin-impregnated leather handle that seals out moisture. The extremely thick blade and deep hollow grind make this one of the most appealing all purpose blade designs in the industry today. The blue steel crossguard, pommel and aircraft spooler nut are expertly fitted with overall attention to balance and feel.

Engraved with "Vietnam Special Forces Group" and the SF Crest, the SOG Bowie is also available non-engraved on special order. A high quality black leather scabbard, sharpening stone, and leather thong are all included.

Meticulously constructed of stainless steel, the Trident offers one of the finest working edges available today. Lazercut micarta washers are utilized for the state of the art handle... a first. This enables the knife to be completely immersion resistant no matter what the environment. The Trident is cloaked in a water proofed sheath constructed of black cordura and tactical trimmings.

An non-engraved sterile option is available on special order.

SOG BOWIE
Unparalleled Authenticity

New Faceted Tip for increased strength

.280 thickness, Rockwell 57-58

6 1/4" blade, 10 1/2" overall

Faceted tip

TOMCAT
Knife of the Year

The Tomcat is the state of the art in folding knives. Now you can have that bowie design you always wanted in a folder, giving optimum performance and full range capability in virtually every situation. This futuristic blade shape will cut like a much larger knife and yet will fold to a small, sleek package for ease in carrying. The all high-carbon, stainless steel construction will insure a lifetime of reliability. Featuring the new negative-draft locking bar system, this mechanism relies on leverage rather than spring pressure to positively lock the blade in the open position for the ultimate in safety. This all adds up to one of the most unique knives to ever be produced! From the open range to close quarters, the Tomcat will travel anywhere and everywhere.

Specifications:

3 3/4" x .200" blade, 8 1/4" overall

Kraton raised point positive grips

Dual mounting nylon scabbard

TIGERSHARK
The feel is pure elegance. The feel is pure Tigershark.

The Stingray captures the spirit of handheld utility while at the same time redefining the pocket knife concept. Holding it in your hand, you'll be amazed at Stingray's impeccable balance and its stunning big blade feel. The Stingray carries on our acknowledged tradition of excellence, so admired by the experts who use our knives on a daily basis.

Specifications:

2 1/2" Blade, 6 1/2" overall

3.5 ounces total weight

STINGRAY
Put a little SOG Power in your Pocket

Beautifully ground from a high grade of stain-resistant steel, the SOG Stingray is the first folding bowie you can effortlessly carry on your person. Reflecting the tradition of the 1988 Overall Knife of the Year, the SOG Tomcat, this innovative pocket powerhouse possesses such award winning features as the SOG raised point Kraton® grip, our revolutionary negative-draft locking system, stainless steel bolsters, and one of the sharpest edges around.

For those of you who want the absolute full range capability that the big blade offers... our Tigershark flies forward with chopping, slicing and pointwork capabilities never previously integrated into one knife. Utilizing the historically proven bowie design, this blade steps into the future with rakish lines that cannot be found on any other knife in the world!

This 9" bowie is manufactured from the finest high carbon exotic steel, produced to our specifications, treated to a Rockwell 55-57 and features flat ground bevels, our faceted reinforced tip and a new special rolled edge.

These characteristics combine to form the finest aggressive cutting surface and exemplary edge taking ability in the industry today. The molded Kraton® raised point handle encapsulates the tang and provides a gripping comfort that translates into maximum effectiveness with minimal effort.

SOG TECH
A Statement of the Future.

Designed with the utmost utilization of modern technology, this innovative cutting machine features our rolled edge for premium implementation. Combining the finest carbon steel along with scientific heat treating, this knife achieves a new pinnacle in high tech performance hence the name SOG Tech. The fluid grind lines vividly express the superiority of the American bowie as the working man's blade of choice in either camp or combat settings. The single brass guard allows the greatest degree of downward pressure to be applied during use. For total control we utilize an ergonomically influenced aggressive Kraton® handle which completely encapsulates the knife's full tang.

.250 thickness, Rockwell 57-58

SOG Specialty Knives, Inc.

The remarkable success of the SOG Bowie has led to the introduction of a complete line of SOG Specialty products. Based upon the historically proven American bowie design, SOG knives are inherently strong and capable of superior cutting performance.

SOG Specialty bladeware is meant to be depended on, regardless of the situation or environment. Each product is thoroughly researched and tested by our staff of cutlery experts prior to production. Our knives are distinguished by the extremely thick stock from which the blades are ground. The handles, utilizing slight finger grooves are ergonomically designed to fit the hand, maintain comfort and provide the strongest grip possible.

SOG's commitment to excellence is exhibited in the use of new technology, allowing us to bring you the finest product at a reasonable price. We use lazer-cutting, elastomer encapsulation, resin impregnation and mechanical innovation, all of which are combined with fine handbuilt workmanship. Our attention to detail is unparalleled. Whether it is our legendary fits between crossguard and blade or the use of aircraft spanner nuts on the pommel assemblies, every piece is hand-matched by the finest craftsman.

Lastly, but certainly no less important, is our belief that practicality can be beautiful. SOG knives exhibit some of the most complicated grind lines, as well as aesthetically pleasing blade shapes in the industry. At SOG Specialty Knives we adhere to the premise that function and form are parallel concepts, attainable through sound design and fabrication. Our bladeware is a handsome combination of tradition, superb craftsmanship and the latest technology. The combination of these three translates as World Class Cutlery, no matter how you cut it!

LIFETIME GUARANTEE

All SOG Specialty Knives' products are guaranteed against defects in workmanship and materials for the life of the purchaser. This guarantee is voided by misuse or abuse of the product and does not cover any normal wear that might occur. All guarantee claims should be directed to the factory. SOG Specialty Knives, Inc. reserves the right to the repair or replacement of a product at our discretion.

All of SOG Specialty Knives, Inc. products are intended to be used according to local, state and federal laws and ordinances in your area.
