Superior Design - Uncompromised Precision - Practical Application

SOG® SPECIALTY KNIVES is dedicated to creating the highest standards of production cutlery in the world. We use the strongest steels, finest materials and newest manufacturing techniques which are combined with traditional hand craftsmanship to ultimately create the sharpest and most durable edges in the industry.

Our products utilize timeless designs which give the user maximum capability and performance in virtually every situation. The magical feel of our knives has become a trademark, perfectly balanced and sculpted for fit so that the blade does the work as if on its own. Our products are designed for the professional, sportsman, hunter, militarist, outdoorsman, survivalist and collector... or anyone who can appreciate precision cutlery at its finest!

On the Cover:

This high-speed photograph was frozen at one millionth of a second and captures a jacketed 45 caliber bullet split after being fired from point blank range. The blade shows up white where lead has been deposited after seventeen shots.

SOG BOWIE

Unparalleled Authenticity

Our flagship is based on the original Special Operations Group knife secretly developed and used in the Vietnam War by the 5th Special Forces and other elite soldiers. These individuals were specialists in reconnaissance, infiltration and behind lines operations.

Produced in the original 800 year old samurai factory, this knife has become a classic that is unparalleled in authenticity and quality. We utilize the finest high-carbon tooling steel, gun-blued for stealth and combined with a first time resin-impregnated leather handle that seals out moisture. The extremely thick blade and deep hollow grind make this one of the most appealing all purpose blade designs in the industry today. The blue steel crossguard, pommel and aircraft spanner nut are expertly fitted with overall attention to balance and feel.

Engraved with Vietnam Special Forces Group and the SF Crest, the SOG Bowie is also available non-engraved on special order. A high quality black leather scabbard, sharpening stone and leather thong are all included.

Specifications

Blade 6 1/4" x .280"
Overall 10 3/4"
RC 57-58

Faceted Tip

TRIDENT™

Advanced Sophistication

This knife is named after our most capable special forces unit, the Navy SEALs and displays its emblem...the Seal Trident. The Trident represents the accomplishment of a man who has undergone the most rigorous training program that can be devised to produce the consummate warrior. Only a select few are accorded the right to wear the Trident on their uniform.

Our Trident knife embodies this spirit with its exacting and meticulous construction. Features such as our all stainless steel construction, surgically precise hollow grinds, laser cut micarta washer handles, aircraft spanner nut pommel assemblies, etc...it will guarantee sophisticated performance at any altitude or depth.

A non-engraved option is available on special order.

Specifications

Blade 6 1/4" x .280"

TOMCAT™

Knife of the Year

The Tomcat™ is the state of the art in folding knives. Now you can have that Bowie design you always wanted in a folder, giving optimum performance and full range capability in virtually every situation. This futuristic blade shape will cut like a much larger knife and yet will fold to a small, sleek package for ease in carrying. The all stainless steel construction, featuring induction welded bolsters, is matched with the most aggressive, tactile, raised point, Kraton® handle that can be found anywhere. Winning the coveted "Overall Knife of the Year", the Tomcat™ has become a cutlery classic that has no match! This all adds up to one of the most unique knives to ever be produced! From the open range to close quarters, the Tomcat™ will travel anywhere and everywhere.

Specifications

Blade 3 3/4" x .200"
Overall 8 1/4"

STINGRAY™

Put a little SOG Power in your Pocket

The Stingray™ captures the spirit of handheld utility while at the same time redefining the pocket knife concept. Holding it in your hand, you'll be amazed at Stingray's™ impeccable balance and its stunning big blade feel. The Stingray™ carries on our acknowledged tradition of excellence so admired by the experts who use our knives on a daily basis.

Beautifully ground from a high grade of stainless steel, the SOG Stingray™ incorporates the thickest blade for its size in the industry today. This innovative pocket powerhouse possesses other award-winning features such as the SOG raised point Kraton® grip, induction welded stainless steel bolsters and one of the sharpest edges around. No wonder the Stingray™ won the 1989 Overall Import of the Year

Specifications

Blade 2 3/4" x .160"
Overall 6 1/2"
RC 57-58
Weight 3.5 oz.

Optional dual mount nylon pouch available

The Stingray™ is available in two limited serialized editions with cocobolo or stag handle.

TIGERSHARK™

The feel is pure elegance. The feel is pure Tigershark™

For those of you who want absolute full range capability that the big blade offers...our Tigershark™ flies forward with chopping, slicing and pointwork capabilities never previously integrated into one knife. Utilizing the historically proven Bowie design, this blade steps into the future with rakish lines that cannot be found on any other knife in the world.

This 9" Bowie is manufactured from the finest exotic carbon steel, produced to our specifications, treated to a RC 55-57 and features convex bevels, our reinforced tip and a premier rolled edge.

These characteristics combine to form the finest aggressive cutting surface in the industry today. The molded Kraton® raised point handle encapsulates the tang and provides a gripping comfort that translates into maximum effectiveness with minimal effort.

SOG TECH™

Creating Tomorrow

Designed with the utmost utilization of modern technology, these two innovative cutting machines achieve a new pinnacle in high-tech performance...hence the name SOG-Tech™. Our new stainless steel blades are combined with razor sharp bevel edges for outstanding cutting ability and low maintenance...the best of both worlds. The aesthetic grind lines show that function can also be stylish. Our raised point Kraton® handles that are renowned for their comfort and positive gripping abilities offer the user the freedom of expression for any task. An ambidextrous heavy duty nylon scabbard is the perfect match for this all weather companion and ensures the safe retention of either of your knives.

The SOG-Tech™ series is the choice of the outward bound in the 1990's. Come aboard!

SOG WINDER™

On Target

The Sogwinder™ I & II strike home with two brand new features, a drop point folding Bowie style blade combined with an ambidextrous thumb stud for ease in opening. These knives "Zero In" with razor sharp blades that fold into the sleek format. Featuring all stainless steel construction and the most aggressive tactile raised point handle, the Sogwinder™ series delivers state of the art payload.

An advanced dual mounting ballistic nylon scabbard ensures secure and comfortable retention of your knife.

AIR-SOG™

Flying First Class

The Air-Sog™ reaches a cruising altitude to fill the demand for a lightweight, fast opening, multi-purpose pocket knife. Small enough to be carried in any purse, coat, pack, etc. the Air-Sog™ is big enough to satisfy the variety of chores you might require.

Utilizing an ambidextrous thumb stud for one hand opening allows immediate access to Air-Sog's™ stainless steel Bowie blade and awesome cutting power. The sleek, molded glass-reinforced Zytel® handle is checkered for passenger comfort and control.

Specifications

Blade 3 1/4" x .100"
Overall 7 1/4"
22 ounces total weight
Nylon pouch

The Air-Sog™ is now available with a serrated edge.

SOG GOVERNMENT™

Will Not be Overthrown

The Sog® Government™ is history in the making. Never before has state of the art cutlery been so affordable! The Government's™ all stainless steel construction combined with a razor sharp edge insures executive cutting performance whether on land, sea or air. Sog® products are famous for their weather proof solder fits between blade and guard and the Government™ follows suit with this unparalleled construction feature...a first in its class. Our tough pliable Kraton® handle with wrap around checkering provides the finest tacky grip available in any environment...wet or dry. In addition the handle is protected by a steel pommel that also offers the advantages of a field hammer. The Government™ is an advanced technology product capable of superior performance...aside from the fact that it is the lowest priced knife in its field.

The Recon Government™ is now available and features the same high carbon tooling steel as our SOG Bowie, the deepest gun blued finish available and a military type nylon sheath.

Specifications

Blade 6 1/4" x .180"
Overall 11 1/4"
RC 57-58

Black leather ambidextrous scabbard

PENTAGON™

When decisions need to be made

Our new Pentagon™ sets the policy for action. Originally designed as a back up for law enforcement and emergency services, the Pentagon™ is the first multi-purpose double edge knife of its kind. The 5" stainless steel blade offers the instant choice between a serrated or bevel edge for cutting virtually any material. Its like having two knives in one! Twin thumb notches on the blade enables accurate blade orientation and downward control. The sleekly flared out wrap around checkered Kraton® handle provides an optimal grip while maintaining a low profile signature. The stainless steel crossguard is custom solder fit to the blade, an unparalleled construction feature, for weather protection and strength. Housed in a black leather scabbard the Pentagon™ uses a heavy duty subdued clip for a variety of mountings. We think you will agree, that the Pentagon™ succeeds as an evolutionary achievement in cutlery!

THE TOOLCLIP™

A toolchest in your pocket

One of the most versatile tools ever produced, the TOOLCLIP™ offers thirteen powerful features to help you get the job done. This compact tool-chest provides big performance capabilities and is the first of its kind to use a heavy duty clip for secure fastening to a pocket, belt, pack or any of a variety of mounts. Completely constructed from the toughest stainless steel, this multi-faceted workshop will provide years of dependability. The TOOLCLIP™ showcases a full jaw pliers, grippers and wire cutter combination that can easily handle chain link fence. A razor sharp spearpoint blade, serrated edge and utility knife provides options for cutting just about any material. Other features include: two screwdrivers, two wire strippers, a cross-hatched file, pry bar and a bottle opener.

Specifications

Weight 7 Oz.

SOG® Specialty Knives, Inc.

SOG Specialty Knives, Inc. is more than just a knife company. It is a company with a philosophy. One that reflects an uncompromising commitment to excellence in performance and design.

SOG Specialty bladeware is meant to be depended on, regardless of the situation or environment. Each product is thoroughly researched and tested by our staff of cutlery experts prior to production. Our knives are distinguished by the extremely thick stock from which the blades are ground. The handles, utilizing slight finger grooves are ergonomically designed to fit the hand, maintain comfort and provide the strongest grip possible.

SOG's commitment to excellence is exhibited in the use of new technology, allowing us to bring you the finest product at a reasonable price. We use lazer-cutting, elastomer encapsulation, resin impregnation and mechanical innovation, all of which are combined with fine handbuilt workmanship. Our attention to detail is unparalleled. Whether it is our legendary fits between crossguard and blade or the use of aircraft spanner nuts on the pommel assemblies, every piece is hand-matched by the finest craftsman.

Lastly, but certainly no less important, is our belief that practicality can be beautiful. SOG knives exhibit some of the most complicated grind lines, as well as aesthetically pleasing blade shapes in the industry. At SOG Specialty Knives we adhere to the premise that function and form are parallel concepts, attainable through sound design and fabrication. Our bladeware is a handsome combination of tradition, superb craftsmanship and the latest technology. The combination of these three translates as World Class Cutlery, no matter how you cut it!

LIFETIME GUARANTEE

All SOG® products are guaranteed against defects in workmanship and materials. This guarantee is voided by misuse, abuse, improper maintenance, or alterations of the product and does not cover any normal wear that might occur. All guarantee claims should be directed to the factory. U.S. Claims should be sent pre-paid insured. International claims should write or call for information. SOG® Specialty Knives, reserves the right to the repair or replacement of a product at our discretion.

All of SOG Specialty Knives, Inc. products are intended to be used according to local, state and federal laws and ordinances in your area.
